

- ✚ Are you on the BCFC e-mail list? As an e-mail publication, "Competition Watch" provides you the latest news and events surrounding government competition with the private sector. Contact BCFC staff to sign-up, or click on 'Join Our Mailing List' to start receiving this service.
- ✚ The Business Coalition for Fair Competition (BCFC) is comprised of trade associations, businesses, and organizations dedicated to free enterprise, relief from unfair government sponsored competition, and smaller, more efficient government. BCFC is working to elevate the issue of unfair government competition, promoting legislation and policies to eliminate unfair competition, and opposing efforts to mandate government monopoly performance of commercially available goods and services.

Competition Watch

From state capitals to the nation's capital, Competition Watch tracks news and policies affecting government competition with private enterprise. This alert is an online publication available from the Business Coalition for Fair Competition (BCFC).

Dear John:

Welcome to Competition Watch, your periodic update on legislation and news impacting government competition with the private sector.

This newsletter will keep you updated on issues affecting private business and government competition. If you have professional colleagues who are not currently receiving Competition Watch from BCFC, please contact [Nick Palatiello](#), to be added or if you have technical problems receiving or reading this email.

If you know of other associations, organizations or private businesses affected by government competition or that support free enterprise and would like to stay updated on these issues, please contact [John Byrd](#) to be added to our email list.

[Become a Member of BCFC](#) today to join our effort.
